

**Encore Partners Recognition
Monday, September 26th
1:30 pm in the Party Room**

Thank you, Encore Partners, for your participation in the Encore Opportunities at Cornell! Join us on **Monday, September 26th, at 1:30 pm in the Party Room** to celebrate the many Cornell Estates residents and outside community members who come together as Encore Partners in over 30 different Encore Opportunities at Cornell! The ceremony will honor your invaluable ongoing community contributions, both within Cornell Estates and in the surrounding Hillsboro community.

We are honored to welcome Hillsboro Mayor Jerry Willey for Opening Remarks and Mike Majowicz as our Master of Ceremonies. Mr. Majowicz was the 2010 recipient of the Oregon Governor's Outstanding Senior Volunteer Award for his service with the SHIBA Medicare program.

*"If you want to go fast, go alone.
If you want to go far, go together."
- African Proverb*

The Encore Partners initiative is based on the simple maxim that staying engaged with each other is good for our health at every age! Cornell's wide array of Encore Opportunities acknowledges that health, well-being, and "having a great day" lie at the intersection of leisure and purpose, quiet personal time and meaningful engagement with others, and being served and serving others.

Please join us on Monday, September 26th, as we celebrate YOU, our residents and community members. Your contributions to our shared community and your courage to stay involved and engaged are incredible. You are wonderful and we thank you!

**The Art of Cello-Making
with Chester Bishop**

**Thursday, September 15th
6:30 pm in the Party Room**

One of the most distinctive features of a symphony or orchestra concert is the strings section. But when was the last time you stopped to think about how a cello is made? Join Chester Bishop on **Thursday, September 15th, at 6:30 in the Party Room** for an up close and personal look at the art of cello-making.

As an amateur luthier (the technical term for a maker of stringed instruments), Chet has built several violins and violas over the last ten years. Walk alongside Chet as he takes us through the crafting of his very first cello. He will demonstrate the various tools he uses to create these beautiful instruments and the raw materials from which they are made. He will then guide us through the process of sawing, molding, and finishing that is necessary to produce such a beautiful instrument.

This fascinating look at the art of cello-making will conclude with a presentation by Stacey Minkoff, Nancy Vink, Sharon Ogden, and Todd Anderson of the Hillsboro Symphony Orchestra. There's nothing like seeing an instrument take shape under a crafter's hands and then hearing a string quartet that includes that same instrument!

Dental Clinic Room (near Apt #130)**

On **Tuesday, September 13th**, our weekly on-site dental clinic will once again open its doors! Staffed by Senior Dental Students from Pacific University, the clinic is a great way to take care of your teeth without leaving Cornell Estates.

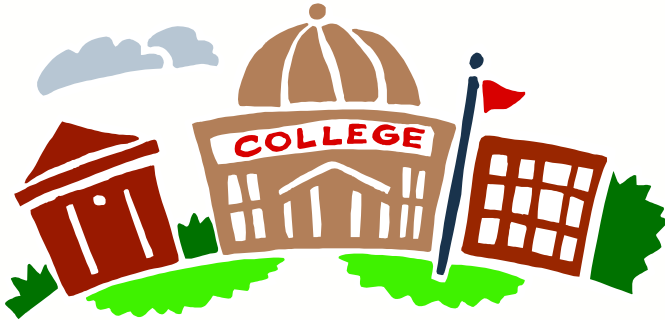

Why visit the clinic? Well, these knowledgeable dental students provide preventative dental treatment (e.g. teeth cleaning and other basic services) at a reduced rate. Continuing Education

Cornell College

**10:00 am in the Cascade Room
Beginning Friday, September 9th**

You have requested more educational activities and we listened! We are pleased to announce a new learning venue: Cornell College presents The Great Courses. Curious about ancient Egypt or about art masterpieces at the Louvre? Or do the Great Religions of the World peak your sense of curiosity? Whatever your fascination, it's a good bet we can satisfy it with Cornell College!

Classes will be held every **Friday at 10:00 am in the Cascade Room, starting on September 9th**. Each 1 hour class begins with watching a 30-minute DVD or video, followed by class discussion. Each "course" runs for 8-10 weeks.

Our first course will be "From Yao to Mao: 5000 Years of Chinese History" taught by Professor Hammond at Harvard University. For most of its 5,000-year existence, China has been the largest, most populous, wealthiest, and mightiest nation on Earth. And for us as Westerners, it is essential to understand where China has been in order to anticipate its future.

This course answers this need by delivering a comprehensive political and historical overview of one of the most fascinating and complex countries in world history.

Since 1990, great teachers from the Ivy League, Stanford, Georgetown, and other leading colleges and universities have crafted over 300 courses for lifelong learners like you and are now available to you through Great Courses.

Travelogue: China

**Tuesday, September 20th
1:30 in the Party Room**

China is in the news nearly every day: its politics, its religion, its growing importance in the world economy. But what is China really like behind the scenes? Join Cornell Estates staff member Clarise Brannon on **Tuesday, September 20th, at 1:30 pm in the Party Room** as she shares her recent experiences on a cultural immersion trip to China.

The China Peking Universities Total Immersion Program brings 400 to 1000 Chinese elementary and middle school teachers from all over China to learn English. They also partner with organizations such as the Beaverton Four Square church to bring English speakers to the Beijing campus. In this travelogue, walk alongside Clarise during her 15 day trip to China as she met both formally and informally with these teachers.

Along with her observations about Chinese life and faith, Clarise will also share pictures of the Forbidden City and two summer gardens that were both built and destroyed multiple times. She will also talk about cultural differences and the most shocking to her as an American in a city as large as Beijing.

A mother of three and an aspiring photographer, Clarise Brannon is no stranger to adversity and world travel. Peering through the lens of a camera, Clarise has an uncanny eye for the innate beauty of everyday life coupled with the ability to gracefully introduce her viewers to a sometimes-painful reality.

“Cloth, Cranes, & Social Entrepreneurs”

Friday, September 30th

1:30 pm in the Party Room

Most Americans' knowledge of India is limited to the Taj Mahal, call centers, and bright saris. But there's so much more to this growing and thriving nation! Join world traveler Janet Visick on **Friday, September 30th, at 1:30**

pm in the Party Room for a special presentation on “Cranes, Cloths, and Social Entrepreneurs.”

Our first stop is the state of Gujarat, where cranes still migrate from Siberia every year in winter in the Little Rann salt marshlands. Next let's travel north to join Janet in the Great Rann. We will watch as the young weavers practice their millennia-old trade. We will also meet Judy Frater, an Ashoka fellow who has created an innovative local crafts museum and brought urban designers to collaborate with local artists.

Our final stop is Bangalore, where Janet conducted nine interviews with Ashoka fellows. During her presentation, she will focus on one of these interviewees, a fellow who is committed to creating ways in which poor village women can leverage micro-credit opportunities to create businesses that can compete in the market.

A teacher and editor, Janet Visick is the daughter of resident Lois Minson. Since the late 1990's, she has been part of Ashoka's Innovators for the Public interviewing process for its candidates, writing “Stories of Five Social Entrepreneurs” profiling five

Ashoka Fellows who work with women in Asia and Africa.

Please join us on Friday, September 30th for this fabulous opportunity!

Grand Days Out

Mount Angel Oktoberfest Thursday, September 15th Bus leaves at 10:00 am

Celebrate fall at the Mount Angel Oktoberfest on **Thursday, September 15th**! The largest folk festival in Oregon, Oktoberfest celebrates the end of the fall harvest with crafts, booths, and - of course - food!

Highlights include:

- Continuous music on 4 live stages
- Over 50 Alpine food chalets serving a wide variety of ethnic foods
- Large arts & crafts show
- Traditional Biergarten, Weingarten, and Alpinegarten
- Cruz-n Car Show
- Mount Angel Glockenspiel
- Over 30 musical groups featuring the Original Donaumusikanten

The small community of Mount Angel was settled by German pioneers in the 1800s and readily reminds one of the rich Bavarian countryside. Oregon's oldest and best-loved Oktoberfest began in 1966 as a traditional harvest festival to celebrate the bounty of the earth and the goodness of creation.

Oktoberfest refers to many harvest festivals that take place in September and October. Traditionally, the September Oktoberfest coincides with the harvest of that year's hops, hence the festival's reputation for drawing beer connoisseurs around the world.

Seats will go fast, so sign up today at the Front Desk for this fantastic all-day adventure!

Tualatin River National Wildlife Refuge Thursday, September 8th Bus leaves at 9:30 am

Have you ever wondered what an urban wildlife refuge looks like? Luckily for us, one of the few urban wildlife refuges in the nation is located in our own backyard! Join us on **Thursday, September 8th**, as we explore the Tualatin River National Wildlife Refuge.

The Refuge is less than 1% of the Tualatin River watershed. Yet, it supports nearly 200 species of birds, over 50 species of mammals, 25 species of reptiles and amphibians, and a wide variety of insects, fish and plants. Most importantly, the Refuge is a small slice of natural beauty in the midst of our greater Portland neighborhood.

Sign up at the Front Desk to tour the Refuge!

Other Hillsboro Symphony members of the Quintet are: Howard Spindel, Trombone; Bob Bruce, French Horn; Bob Bretl, Trumpet and Don Gottschalk, Trumpet.
